HYDRO FEST

Surveying in the offshore Oil and Gas industry

Wednesday 17th April 2019
Aberdeen University

Join us for our annual introduction to how Hydrographic Surveying techniques and knowledge are applied in the Oil and Gas Industry. Hear from a range of industry professionals with topics including surface and underwater positioning, sensors, pipeline and site surveys, construction and inspection.

Presenters are drawn from the major operators, contractors and suppliers and vary in experience and discipline. This day is ideal for engineers, project managers and professionals in the offshore industry who are involved with survey operations or their associated data, as well as those considering Hydrographic Surveying as a career.

REGISTRATION

Register by sending an email to thisis@outlook.com.

Our full day program is £50 per person including lunch at Aberdeen University hub. Attendance is free to full-time Students in a Surveying or marine related subject.

COMPANY PROMOTION

Hydrofest has a long history of offering an opportunity for you to promote your company to other industry professionals and potential recruits. We offer company stand space (pop-up) at the lunch break and in the lecture theatre lobby area for registration and breaks. Cost for this space is £100 and includes one delegate and all refreshments.
